

DEE SANAE

VICE - CHAIRWOMAN

To Whom It May Concern:

It is my pleasure and honor to offer this recommendation for Paul Marengo. Paul and I have worked on various non-profit film organizations together throughout the years. I first met Paul when he recruited me to be on a panel for the Mentor Filmmaking Series he was producing for the DC Film Alliance. I was impressed not only by his professionalism, but his knack for ensuring that all panelists had all the information they needed to be successful and to provide a well thought out and enriching panel.

As Festival Coordinator for the Reel Independent Film Festival, I got the opportunity to witness Paul head up another series of filmmaking seminar series. I worked with Paul to provide timely information about fundraising opportunities for filmmakers. Paul was able to provide timely information as well as answer participant's questions with the most up to date information as well as sites for additional information. I have absolutely no reservations about recommending Paul and believe he would make a strong addition to any organization.

Sincerely,

Dee Sanae, Vice-Chair
Asian Pacific American Film, Inc.
